Setting Up The Game

MAIN MENU

From the Main Menu, use the directional buttons (D-Pad) Up/Down to highlight a menu option and Left/Right to cycle through the available options. Press  to bring up the next menu and  to cancel and return to a previous menu.

PLAY GAME

Play Game will get you started and allow you to choose the game type and the control style of play.

CONTROL STYLE

Simulation provides a realistic college football game setting. Total Control allows you to control all aspects of the game.

GAME TYPE

Test your skill in a full season or tournament, match up with any team in a scrimmage, or have fun playing in a fantasy league.

SCRIMMAGE

Use scrimmage games to prepare yourself for a Bowl Season or Tournament. Scrimmage results can not be recorded in season standings.

NOTE: Before starting a game, make changes to your roster and game attributes from the Athletic Dept and Customize menus.

TEAM MATCHUP

Play with any Division I-A team, or a great college team of the past.

- D-Pad Left/Right to choose a Home team. Press L2 while pressing the D-Pad to move quickly through the teams. Press START to setup a random matchup.
- Notice the power ratings of each team. Press  to view each team's power numbers for Offense, Defense, and Special Teams.
- D-Pad Up to select the Away team and D-Pad Left/Right to choose a team.

To setup Advanced Options:

VIEW ROSTERS

View the player ratings at each position of any team roster. Ratings are based on a scale of 100.

- D-Pad Left/Right to choose a team roster.
- D-Pad Up/Down to view the entire roster and player ratings.

BLUE CHIP RECRUITING

Build your program into an instant powerhouse by recruiting the nation's top blue chip incoming freshmen and junior college transfers. Play through the season and try to get your blue chips elected to the All-Freshmen team.

GO RECRUITING

- D-Pad Left/Right to select your recruiting team. Be sure to review Team Strengths to see what kind of players your team needs.
- D-Pad Up/Down to choose a playbook. Choose a Passing or Balanced playbook to recruit a classic drop back passing QB. Choose a Running Playbook to recruit a dynamic option QB.
- Press \otimes to continue.

OFFICIAL VISITS

- D-Pad Up/Down to select a blue chip recruit. Frosh indicates a college true freshman. Junior indicates a junior college transfer. Invite one blue chip per position on an official visit. If your school is highlighted in blue, that recruit has given your school a verbal commitment. Flashing numbers indicate a gamebreaker. The higher a blue chip's overall attribute, the more national attention he'll attract.
- Press \otimes to continue.

NATIONAL LETTER OF INTENT DAY

- D-Pad Left/Right to see where each recruit signed to play. Each blue chip signing with your school will be automatically placed on the roster depth chart and issued a jersey number.
- Press \otimes to keep the current recruiting class or \odot to discard and go recruiting again.

CREATE WALK-ON

Create a walk-on player of any type. Get creative and mold an All-American talent that dominates the game or simply create yourself, using your own physical attributes.

- D-Pad Up/Down to a player attribute and D-Pad Left/Right to alter the selection. Notice that the player ratings adjust as you alter the player attributes, retaining the characteristics of a complete player.
- Hold L2 to move the attribute slider faster Left/Right.
- Press R1 + R2 to reset all slider settings.
- Press \otimes to continue.
- D-Pad Left/Right to choose a team, jersey number, or player position of the walk-on.

Set three audible plays on offense and defense by pressing the icons on your controller that correspond to the icons of the play.

- Choose a play to change by pressing the corresponding icon.
- Choose a formation for the new play.
- Choose a new play.
- Press  accept audible changes and return to the game.

CUSTOMIZE GAME

Use Customize Game attributes to alter the difficulty level of the game.

Set the size of the players on the field with **PLAYER SIZE**. Increase or decrease the CPU's offensive running ability with **CPU RUNNING**, the CPU's passing attack ability with **CPU PASSING**, the CPU's defensive run stop ability with **CPU RUN DEF**, the CPU's defensive pass coverage ability with **CPU PASS DEF**, and the CPU's intelligence with **CPU IQ**.

Additionally, set the speed of the players on the field with **GAME SPEED** and the speed of the clock with **CLOCK SPEED**.

QUIT GAME

Quit the current game and return to the Main Menu.

KICKING GAME

Skill at kicking enables you to put your team in good field position and keep the opposing team deep in its own territory. Hitting a last second field goal to win the game will also require kicking expertise.

- Press  to bring up the power meter.
- Press  again to kick the ball. The higher the strength bar, the stronger the kick.

To try an onside kick:

- Press  when the strength bar is at a low point on the power meter.

To guide a kick:

- D-Pad Left/Right to angle your kick into the corners.

989 Sports' Tip: With the game on the line, avoid sending a kickoff into the hands of a respected return specialist. Tap  to stop the kick meter at half strength to produce a short kickoff.

SETTING UP A PLAY

Once a team has received the ball, the Play Selection screen will appear. First choose the formation for the play. The formation can be changed to three different variations for every offensive and defensive play by pressing L1.

- D-Pad Left/Right to cycle through the available formations.
- Press the associated icon button to select a formation and bring up the play selections.

NOTE: To return to the formation selection, D-Pad Up from the play selection.

Once the formation is set, select the play. To flip the play and run a mirror image of that play, press R1. To return to the original play, press R1 again.

- D-Pad Left/Right to cycle through the available plays and press the associated icon button to select it.

OFFENSE

Before the snap, utilize the following tips to balance your offensive attack:

- Press ○ or △ to try and draw the defense off sides.
- Press ⊙ to call an audible and take advantage of a defense's formation.

RUNNING

The running game is a big part of college football in that it helps to control the flow of the game. It is also used as a tool to keep the clock running and keep your defense rested on the sidelines for a big fourth quarter stand.

Use the pitch move effectively to add an extra dimension to your running attack. Hold onto the ball as long as possible to force the defense to commit to the initial ball carrier. If the defense converges on the running back before a pitch, keep the ball and run up field.

989 Sports' Tip:
Press L2 + SELECT to run the previous play for a No Huddle Offense.

PASSING

For advanced users, before the snap, press R1/L1 to draw back the camera and view the button symbols associated with each receiver.

After the snap, press ⊗ to show the button symbols, then press the button of the receiver you would like to throw the ball to.

DEFENSE

The defense will automatically converge on the ball carrier and attempt to make the tackle. You can take control of the defender marked by the designated icon. To switch to the defender closest to the ball carrier, press ○.

Before the snap on defense, utilize the following tips to maximize defensive play:

- Cycle player control through defensive players by tapping ○.
- Call defensive audibles to counteract offensive formations by pressing ⊙.
- Press L2 + D-Pad Down to bring linebackers and defensive backs towards the line of scrimmage.
- Press L2 + D-Pad Left/Right to shift the defensive line.

989 Sports' Tip:

Press △ to increase your chances of catching the ball in coverage.

989 Sports' Tip:

In a passing situation, line up close to the line of scrimmage and press R2 when the ball is snapped to throw a forearm shiver and take a receiver out of the play.
